### Directions to My Office

Magnolia is the southern coastal section of Gloucester, bordering on Manchester. My office is at the corner of Raymond Street & Magnolia Avenue. The hanging sign on the building says “Magnolia Health Center”. The entry door is purple. The reception area is shared with a dentist. Parking is plentiful on the street.

Please see map at bottom of this page

**FROM THE SOUTH:** Take Route 128 to exit 15 “Manchester, School St.” Coming off the exit ramp, take a right. After a half mile, there is a four way stop. Go through this intersection and then take the second left, Lincoln St. Pass the schools and continue to a Stop sign at the intersection with Route 127. There is a gas station on the left. Go left on 127. After 2 miles there is a fork in the road with a green sign for Magnolia on the right fork. Take the right fork, Raymond St. Continue on Raymond to the large intersection with the small traffic island and street light in the middle. This is Magnolia Avenue. The office building is on the near left corner. There is plenty of parking on the street.

(Please note that well before you reach the fork for Raymond St., you will pass a Magnolia Avenue on the left in Manchester. Do not bother to look for this other Magnolia Ave., and if you notice it, just ignore it.)

**FROM GLOUCESTER:** Take Route 127 south. Left on Hesperus Ave. at the signs for Hammond Castle Museum and for Magnolia. Go past the Hammond Castle. Continue past the first business section in Magnolia (Lexington Ave.) until you reach the intersection at Magnolia Avenue, which has a small traffic island with a street lamp. The office is in the building on the right corner across the intersection.
